# Families Together in Albany County

Vision: An efficient and integrated system of care to serve and support children and youth with serious emotional, developmental, and behavioral concerns and their families.

**Mission**: Families Together in Albany County represents a system of care designed to significantly improve coordination of, access to, and effectiveness of services for children and youth with serious emotional disturbance who may also have developmental or behavioral concerns. The system of care will enhance community-based, culturally competent, and family-driven services to support and empower children and youth and their families. **Core Values**: Child-centered, Family-focused, Community-based, Strength-based, Culturally competent.

## Context

#### Populations of Concern:

- Eligibility: Families of children, adolescents, and young adults ages birth through 21 with serious emotional, developmental, and behavioral issues in Albany County.
- Specialty Sub-Groups:
  - Young children (0-5)
  - Children and youth (8-14) at risk for substance abuse problems
  - Adolescents and young adults (12-21) with cooccurring mental health and substance abuse issues
    Transitioning youth (16-21).

### System Strengths:

- <u>Albany County Department for Children, Youth and</u> <u>Families</u> created in 2001. Children's Mental Health Unit
- with Centralized Intake Unit added in 2004. • County Executive invested in children's mental health
- and system of care.
- Existing governance structure at the state, county, and local levels committed to coordinating children's services (CCSI).
- Existing family involvement through <u>local</u> and <u>state</u> groups.

### System Issues:

- Funding: Categorical ("silo") funding
- Access: Access to care barriers, delays, shortage of child psychiatrists
- Records & Automation: No common records, antiquated internal data systems, no cross-system MIS
- Training & Partnership Development: Need cross-system training, development of culturally competent care, establish meaningful relationships among community-based agencies, schools, and the county
- Community Awareness: Lack of knowledge/understanding of children's mental health, available services

## **Direct Services**

- Family Centers
- Pediatric Developmental and Behavioral Specialist
- Across Ages Mentoring
- Circle of Support (Wraparound Services)
- Family Team Conferencing & Individualized Service Plans
- Parent Educational Workshops and Training
